

First (Education & School Travel)

Our Education and School Travel team specialise in providing a joined up method of arranging fully inclusive residential and day visits for schools and groups. Our programmes provide safe, secure, high quality learning opportunities bringing together all aspects required to plan a school trip and are designed alongside our partners to deliver measurable outcomes that enhance learning when back in the classroom.

This special all-inclusive offer is open to schools in the following regions:
North West England, North East England, Yorkshire & Humberside

*Schools outside of these regions are welcome to contact us to check availability and to discuss package costs

Working together to support outdoor learning

First and the FSC recognise the benefits of learning outside the classroom. We provide a range of diverse opportunities that enable pupils to experience new places and to learn in exciting surroundings. We also recognise the difficulties some parents face finding the resources to enable their child to take part in a school trip. We are committed to providing a cost effective option to help reduce this burden. Together we use our expertise to manage every aspect of your trip

First (Education & School Travel) is part of the FirstGroup of companies, the UK's largest surface passenger transport company carrying 2.7 million passengers every day.

The Field Studies Council is an environmental education charity committed to helping people understand and be inspired by the natural world. Thousands of students each year experience fieldwork and cross-curricular courses at 17 FSC centres across the UK.
