

Contract Bus Services – First have considerable experience in providing bus services for schools/colleges and many different organizations. If your organisation is looking at such a service please call.

School Bus Hire (Yellow School Buses) – If you are considering organising any school trips then look no further than First. First can meet all the requirements to ensure the trip to the theatre, swimming baths, or museum is thoroughly enjoyed.

Cashless Bus Vouchers – Corporate clients are able to purchase bus vouchers that can be redeemed on any First bus. Daily/Weekly vouchers are available. These vouchers are suitable for organisations who perhaps currently fund travel out of petty cash and are looking for a cashless system which would be easier to administer and provide a clear audit trail. Even companies who want to encourage staff to use public transport would be interested in the voucher scheme.

Many organizations purchase these vouchers in the run up to Xmas to offer to staff who may want to have a festive drink

Business Continuity/Emergency Planning – Many organisations have plans in place which can be executed in the event of a disaster, eg fire, flood etc. Most organisations don't provide enough resource for the transportation of employees in the event of a disaster.

First are able to deliver transport solutions to any organisation that may require them. First have many years experience in managing emergency planning within the rail industry eg transporting large numbers of people from one place to another. First can provide this service to all industry sectors

Event Management – First are very experienced in event management in relation to providing transport. First are happy to work with companies who specialise in putting on large events eg concerts, sporting occasions etc
